

CELESTE SILVIA DUSJKABINETT

BUET 90X90

Vi takker for ditt valg av en Celeste dusjløsning.

Før du setter i gang med monteringen av dette produktet er det viktig at du får oversikt over alle delene. Bruk god tid til å sette deg inn i hvordan monteringen skal utføres.

Det kan være en fordel og være to personer under monteringen. Husk og sjekke at alle glassflater er hele og at glasset ikke har noen skader før du starter monteringen. Dersom du skulle oppdage skade i glasset før monteringen finner sted må dette meldes ifra til oss umiddelbart.

Viktig å tenke på ved montering av herdet glass :

1) Skadet glass må under ingen omstendigheter monteres ettersom sikkerhetsfunksjonen bygger på at glasset er 100% intakt under montering. Kontroller derfor at hvert glassfelt er i uskadet tilstand før det monteres. Kontroller hjørnene ekstra nøye.

2) Beskytt alltid glasskantene mot skader og slag under monteringsarbeidet.

Se til at glasset og at hjørnene ikke støter imot ståldetaljer, murverk, vegg- og gulvfliser eller andre harde flater ved montering og bruk.

3) Sett aldri en glassflate på glassets hjørnekant.

4) Vær nøye med at ingen harde gjenstander kommer i kontakt med glasset, eller at glassflaten legges ned på et hardt underlag som kan forårsake skader.

Tips:

- Oppbevar glasset i forpakningen helt til det skal monteres.
- Sett aldri glasset direkte ned på gulvflisene eller lignende harde underlag .
- Det kan være en fordel å være to personer under monteringen.

Vedlikehold av dusj

Profiler er av krom eller pulverlakkert aluminium og dører av herdet sikkerhetsglass . Dusjen rengjøres på vanlig måte. Gjør rent ofte og bruk vanlige rengjøringsmidler som Plumbo clean bad og dusjrens eller Jif baderom.

Unngå bruk av stålull og fibersvamp, samt rengjøringsmidler med skurekorn, da dette kan ripe profilene og glasset. Unngå bruk av saltsyre, svovelsyre og kaustisk soda. Løsemidler som aceton eller trikloretylen er også skadelig ved rengjøring.

Sørg for god ventilasjon i rommet. Bruk f.eks. en baderomsvifte eller lufte ofte for å hindre at det dannes kondens og muggsopp. profilene og folien på utsiden av glasset.

Unngå bruk av saltsyre, svovelsyre og kaustisk soda. Løsemidler som aceton eller trikloretylen er også skadelig ved rengjøring. Sørg for god ventilasjon i rommet. Bruk f.eks. en baderomsvifte eller lufte ofte for a hindre at det dannes kondens og muggsopp.

Lykke til med monteringen!

Vi tackar dig för att du har valt en Celeste duschlösning.

Innan du börjar installera denna produkten är det viktigt att du får en överblick över alla delar. Använd god tid till att bekanta dig med hur installationen måste utföras.

Det kan vara en fördel att vara två personer under montering. Kom ihåg och kontrollera att alla glasytorna är hela och att glaset inte har några skador innan installationen startas. Vänligen kontakta oss om du hittar eventuella repor och skador före installationen.

Viktigt att tänka på vid installation av härdat glas:

- 1) Skadat glas får under inga omständigheter monteras eter som säkerhetsfunktionen bygger på att glaset är 100% intakt under installationen. Var därför säker på att varje glasfält är oskadat innan det monteras. Kontrollera hörnen extra noggrant.
- 2) Skydda alltid glasskanterna mot skador och slag under monteringsarbetet
Se till att glaset och hörnen inte möter ståldetaljer, betong-, vägg- och golvplattor eller andra hårda ytor under installationen.
- 3) Placera aldrig en glasyta på glasets hörnkant.
- 4) Se till att inga hårda föremål kommer i kontakt med glaset eller att glasytan läggs ner på en hård yta som kan orsaka skador

Tips:

- Bevara glaset i förpackningen tills produkten skall monteras
- Placera aldrig glaset direkt på golvplattorna eller liknande hårda ytor.
- Det är en fördel att vara två personer under installationen.

Duschunderhåll

Profiler tillverkas i krom eller pulverlackerad aluminium och dörrar av härdat säkerhetsglas. Duschen rengörs på vanligt vis. Rengör ofta och använd vanliga rengöringsmedel.

Undvik att använda stålull och fiber svamp och rengöringsmedel med skrubbande korn. Detta kan repa profilerna på utsidan av glaset. Undvik att använda saltsyra, svavelsyra och kaustik soda. Lösningemedel som aceton är också skadligt vid rengöring.

Använd bra ventilation i rummet. Använd t.ex. en badrumsfläkt och ventiler ofta för att förhindra kondens och att svamp bildas på folien på utsidan av glaset.

Lycka till med monteringen!

Dziękujemy za wybór rozwiązania prysznicowego Celeste.

Przed rozpoczęciem instalacji tego produktu ważne jest, aby sprawdzić wszystkie części. Zapoznaj się dobrze ze sposobem montażu.

Zalecamy montaż przy pomocy dodatkowej osoby. Upewnij się, że wszystkie szklane powierzchnie są wolne od uszkodzeń przed rozpoczęciem instalacji. Jeśli zauważysz szkodę lub usterkę przed instalacją, musisz to natychmiast zgłosić.

Pamiętaj o:

- 1) W żadnym wypadku nie należy montować uszkodzonego szkła, ponieważ funkcja bezpieczeństwa opiera się na tym, że szkło jest nienaruszone w 100% podczas montażu. Dlatego przed montażem upewnij się, że każda powierzchnia szklana jest w nienaruszonym stanie. Sprawdź dokładnie narożniki!**
- 2) Należy zawsze chronić krawędzie szkła przed uszkodzeniem i uderzeniem podczas montażu. Upewnij się, że szkło oraz narożniki nie dotykają stalowych elementów, kamieni, płytek ściennych / podłogowych lub innych twardych powierzchni podczas instalacji jak i użytkowania.**
- 3) Nigdy nie stawiaj/opieraj szklanej szyby na jej narożnej krawędzi.**
- 4) Dlatego upewnij się, że: żadne twarde przedmioty nie stykają się bezpośrednio ze szkłem oraz, powierzchnia szkła osiada na twardej lub nierównej powierzchni, która może doprowadzić do jej uszkodzenia.**

Wskazówki:

- Trzymaj szklane drzwi w opakowaniu, aż do momentu samego montażu**
- Nigdy nie stawiaj szkła bezpośrednio na płytkach podłogowych lub podobnych twardych powierzchniach.**

Konserwacja prysznicza

Profile wykonane są z chromu lub pokrytego proszkowo aluminium. Drzwi natomiast z hartowanego bezpiecznego szkła. Prysznic zalecamy czyścić w zwykły sposób. Częste spltukiwanie oraz używanie zwykłych środków czyszczących do kąpeli jak i pryszniców np. Plumbo, JIF.

Unikaj używania stalowej gąbki z włóknem, a także środków czyszczących z systemem szorowania, ponieważ może to porysować profile i szkło. Unikaj również używania kwasu solnego, kwasu siarkowego oraz sodu kaustycznego. Rozpuszczalniki takie jak aceton lub trichloroetylen są również nie wskazane do czyszczenia.

Zapewnij dobrą wentylację w pomieszczeniu. Używaj często wentylatora lub odpowietrznika tak aby zapobiec kondensacji powietrza co może doprowadzić do powstania pleśni lub szkodliwych bakterii.

Powodzenia podczas montażu.

We thank you for choosing a Celeste shower solution.

Before starting the installation of this product, it is important that you get an overview of all parts. Take good time to read the manual carefully

Two people are recommended during assembly. Remember and check that all glass surfaces are full and that the glass not have any damage before starting installation. Please report it as soon as you notice any damage before installation.

Important to consider when installing tempered glass :

1) Under no circumstances should damaged glass be fitted as the safety function is based on the glass being 100% intact during installation. Therefore, make sure each glass field is intact condition before mounting. Check the corners extra careful.

2) Always protect the glass edges against damage and impact during assembly. Make sure the glass and the corners do not encounter steel details, concrete, wall and floor tiles, or other hard surfaces during installation.

3) Never place a glass surface on the corner edge of the glass.

4) Make sure that no hard objects come into contact with the glass or that the glass surface is deposited on a hard surface that can cause damage

Tips:

- Keep the glass in the package until the product is mounted
- • Never place the glass directly on the floor tiles or similar hard surfaces.
- It is an advantage to be two people during installation.

Shower maintenance

Profiles are made of chrome or powder-coated aluminum and doors of hardened safety glass. Clean often and use regular cleaning products such as the Plumbo clean bad og dusjrens or Jif baderom.

Avoid the use of steel wool and fiber sponge, as well as cleaning agents with scrubbing grain, as this can scratch the profiles and the glass. Avoid using hydrochloric acid, sulfuric acid and caustic soda.

Provide good ventilation in the room. Use the bathroom fan or vent frequently to prevent condensation and molds from forming on the outside of the glass.

Good luck with the mounting.

Ø2.8

- NO** Benytt hansker ved håndtering av glass
- SE** Använd handskar när du hanterar glas
- PL** Nosić rękawice podczas pracy ze szkłem
- GB** Wear gloves when handling glass

- NO** Sett aldri glass direkte på gulv
- SE** Placera aldrig glas direkt på golvet
- PL** Nigdy nie stawiaj szkła bezpośrednio na podłodze
- GB** Never place glass directly on the floor

- NO** Servicenummeret er plassert på baksiden av bunndekselet
- SE** Servicenummeret är placerat på baksidan av bottenkåpan
- PL** Numer serwisowy znajduje się z tyłu dolnej pokrywy
- GB** The service number is located on the back of the bottom cover

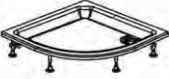

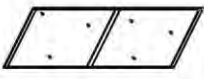

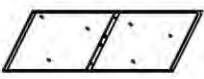

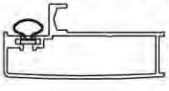

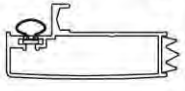

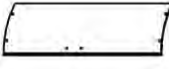

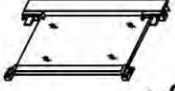

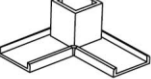

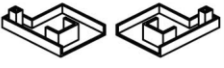

- NO** Ikke benytt skarpe gjenstander mot glassoverflaten.
- SE** Använd inte skarpa föremål mot glasytan.
- PL** Nie używaj ostrych przedmiotów przedmioty na szklaną powierzchnię.
- GB** Do not use sharp objects against the glass surface.

- NO** ikke benytt sterke rengjøringsmidler mot glassoverflaten
