

Extension- caravan cord 10M

ARTIKELNR/PART NR:

100145

GTIN

7331430042913

DESCRIPTION

Extension- caravan cord rubber 16A/230V. Extra reinforced oil resistant rubber cable. Designed with flexibility and pliability in cold conditions in mind. With a thicker cable area, it's suitable for power-demanding applications. Mounted with impact-resistant, oil-resistant 216 CEE-don manufactured in polyamide. The outlets have patented strain relief and water protection. Self-closing lid. Approved for outdoor use. Suitable for caravan/motorhome, workshop, industries and construction sites.
